Re: FIELD DIVISION ARREST REGISTER
ALIEN ENTRY CONTROL

Dear Sir:

Reference is made to your letter dated May 25, 1942, transmitting an additional page for the permanent Field Division Arrest Register of Japanese individuals apprehended by your office.

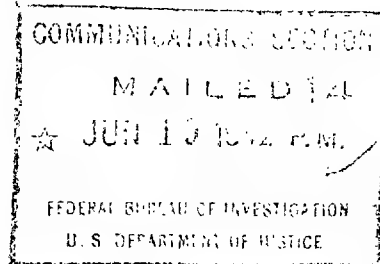

It is noted that the apprehensions recorded on this register begin with arrest serial number J-262, whereas, the last arrest serial number recorded on the Arrest Register transmitted with your letter dated April 10, 1942, was J-232.

It is apparent therefore, that your office has failed to furnish the Bureau with a copy of the permanent Arrest Register reflecting the apprehensions of those Japanese individuals who were assigned arrest serial numbers from J-233 through J-261, and you are requested to forward the Arrest Register reflecting appropriate entries concerning these individuals without delay.

Very truly yours,

MEMORANDUM FOR THE ATTORNEY GENERAL

I thought you might be interested to know that the San Diego Field Division of this Bureau has advised that 48 Japanese aliens who are officers of the Japanese Association of Imperial Valley, Brawley, California, were apprehended February 19, 1942, on the authority of the United States Attorney and were booked for the Immigration and Naturalization authorities. The apprehension of 46 of these aliens took place in the Imperial Valley at Brawley, California, and are being held in the Imperial County Jail, while the remaining two were apprehended in San Diego County and are being held in the San Diego County Jail.

The Japanese Association of Imperial Valley, Brawley, California, is a branch of the Central Japanese Association which was mentioned in the memorandum of the Assistant to the Attorney General, James Rowe, Jr., dated February 2, 1942, addressed to all United States Attorneys, "Re: Alien Enemy Hearing Boards". This organization was listed as an organization, directly or indirectly, under the direction of the Japanese Government and therefore furthered the interests of Japan even when in conflict with the interests of the United States.

26 in Custody As Enemy Aliens

A roundup of enemy aliens here was continued today by FBI agents and police. By noon, 26 were in custody.

Following apprehension of 21 Japanese and one Italian yesterday, officers jailed three Japanese during the night and one more this morning.

"Vague possibility" that the roundup would continue today had been indicated by Harold Nathan, FBI agent in charge here.

Hearings to Follow

Meanwhile, his men are conducting further investigation into records of aliens picked up yesterday and booked at the county jail, "hold for immigration." Nathan stated that in all probability, they would be moved out, possibly to a camp in Montana, where they will be given informal hearings.

Some, he said, might be released, some paroled and others interned after presentation of information and evidence. They may not be represented by counsel but will be present to hear evidence against them when the hearings are held.

"More aliens will be picked up from time to time in San Diego as a matter of regular routine," said Nathan.

Waterfront Regulated

Orders for exclusion of enemy aliens from a large section of San Diego's waterfront has been received.

Registration of enemy aliens was carried on today at the San Diego postoffice, after registration forms were received late yesterday. All Germans, Italians and Japanese 14 years old, or over, must register, presenting their 1940 alien registration cards and also three small photos of themselves.

In accordance with my instructions, Special Agent Daniel Currie, Jr., telephonically contacted Special Agent H. L. R. Brown of the San Diego Field Office and requested a teletype explanation concerning the apprehension of the individuals identified in the memorandum of Mr. L. M. C. Smith to the Director dated December 22, 1941, as being held in the territory covered by the San Diego Field Division.

Mr. Brown was requested to resubmit any summaries which might have been previously submitted in the event such was the case, or to advise if possible, in the event the apprehension was not made by or on behalf of the Bureau, the identity of the agency effecting the apprehensions.

It is noted that approximately forty names were furnished Agent Brown, which names were taken by the clerk in the San Diego office, and at the conclusion of the conversation Brown informed that none of the individuals, so far as he had been able to determine, were apprehended by the San Diego office. He advised that full data concerning this matter would be immediately submitted by teletype.

SAC Nathan of the San Diego Office telephonically contacted me in connection with the teletype which was submitted to the field today with regard to picking up citizens who are considered dangerous.

Mr. Nathan referred to the portion of this teletype which stated that the arrest of a citizen must be justified by "substantial evidence or information indicating actual danger to our internal security during present war effort". Mr. Nathan stated that there are two forms of danger which might be meant by "actual danger to our internal security during present war effort", and he thought if possible the Bureau should advise the Special Agents in Charge as to exactly what is meant by "actual danger" so that there would be "more unified understanding" between the Special Agents in Charge. The two forms of danger which Mr. Nathan stated that this might refer to are:

- (1) Does the Agent in Charge believe that the individual will take a bomb and throw it at an airplane, factory, power plant or anything else.
- (2) Will the individual continue to be violently nationalistic and will thus endanger the unity of effort, purpose and the war status of our people.

Mr. Nathan stated that he thought both of these forms of danger should be taken into consideration. He stated that he thought he would bring this to the Bureau's attention with the thought that the Bureau might desire to advise the Special Agents in Charge as to what is meant by "actual danger to our internal security during present war effort."

Respectfully,

D. M. Ladd

MEMORANDUM FOR MR. D. H. LADD

SAC Nathan at San Diego telephonically contacted me regarding the enemy aliens which have been picked up and turned over to the immigration authorities. He stated the San Diego Office has done nothing more than turn these persons over to immigration authorities and the thought had occurred to him as to whether some sort of a formal document should be prepared.

I told Mr. Nathan that he should of course correlate the material in his files concerning these individuals in order that it might be available at the time a hearing is given to the aliens within the near future. Mr. Nathan stated that he understood this thoroughly but wondered if there was anything else to be done. I told him that I did not know of anything but that he would be promptly advised in case anything additional is desired by the Bureau.

I commented to Mr. Nathan that it has been noted that some of the field offices have not been fingerprinting the enemy aliens at the time they are taken into custody and that this should be done to these persons the same as to any other individual who is taken into Bureau custody. Mr. Nathan advised that he was glad I called this to his attention because he had not thought to do this but would make immediate arrangements to have the fingerprints of those already in custody taken and would see that the fingerprints of any additional persons apprehended are also taken and furnished to the Bureau.

Respectfully,

AIR MAIL
SPECIAL DELIVERYSpecial Agent in Charge
San Francisco, CaliforniaRe: INTERNAL SECURITY
ALIEN ENEMY CONTROL

Dear Sir:

Reference is made to your teletype dated December 13, 1941, which included a list of individuals in your district whose apprehension was specifically authorized by the Bureau, but who had not been apprehended up to that time. Among the persons so listed was one Shoyo Aoyagi who allegedly had returned to Japan.

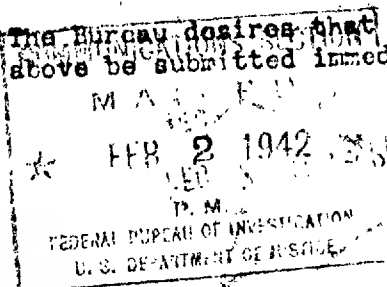

Your attention is also called to the teletype from your office dated December 15, 1941, which stated that Shoji Aoyagi returned to Japan on November 2, 1941. There is no record at the Bureau of authority having been given to apprehend either of the above individuals. It is noted, however, that authority was transmitted by teletype of December 8, 1941, to apprehend a Japanese alien named Shoho Aoyagi.

It is possible that the three individuals mentioned above are identical, although the Bureau has not as yet received any information which would definitely indicate this to be a fact. The Bureau desires to be informed immediately as to the true identity of the individual who allegedly returned to Japan, and the correct spelling of this person's name.

In addition, you are requested to submit immediately a complete, accurate list of all persons of Japanese, Italian, and German extraction apprehended by your office to date. This list should be broken down according to nationalistic background and citizenship status, and should include the disposition made in each instance.

The Bureau desires that a letter setting forth the information requested above be submitted immediately by air mail special delivery.

MEMORANDUM FOR MR. D. M. LADD

RE: ALIEN ENEMY ACT

3:00 p.m.

SAC Pieper called from San Francisco and requested to be advised whether a teletype, which was to be sent to the San Francisco Office this evening setting forth the results of a discussion had by the Director with the Attorney General earlier today, concerning the Alien Enemy Act, registration of aliens, etc., had been forwarded as yet.

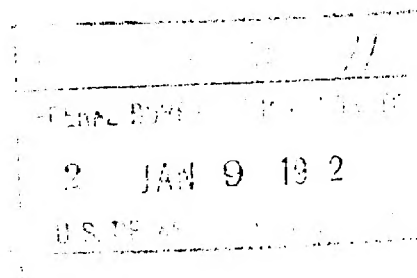

In this connection he advised that Assistant Attorney General Rowe is in San Francisco and is also expecting this teletype in order that he and Mr. Pieper can use the substance thereof in a discussion at 3:00 p.m. PCT this evening with General DeWitt. SAC Pieper pointed out that it is most urgent that this teletype be forwarded at the earliest possible moment in order that it can be reviewed by Assistant Attorney General Rowe and himself and prepared in proper agenda form for their discussion with General DeWitt tonight.

I called this matter to your attention and you advised that you were then awaiting a copy of this proposed teletype from Mr. Wainis of the Department and that upon receipt of it you intended to dispatch it at once to San Francisco.

Respectfully,

Harry M. Hibball
